

Elle

Design: Gian Vittorio Plazzogna

Elle ha linee decise che definiscono composizioni rigorose e di grande effetto scenografico. Si distingue per il profilo a 45 gradi di ante, piani e spalle degli elementi. Un'idea originale che produce una singolare suggestione visiva: gli spessori dei materiali sembrano scomparire, dando un'impressione di grande leggerezza.

Elle has bold lines that define rigorous and spectacular, eye-catching arrangements. It stands out for the 45 degree edges of its doors, worktops and end supporting panels. An original idea that produces an unusual visual effect: the thicknesses of the materials seem to disappear, creating the impression of great lightness.
